Maximum Marks	2 Marks

Customer Journey Map

The customer journey map illustrates how students and educators interact with the Emotion-Aware Learning Support Engine, from typing a message describing their learning struggle to receiving AI-detected emotional insight and personalised, empathy-aware guidance.

Phase of Journey	Stage 1 Enter Message	Stage 2 AI Emotion Detection	Stage 3 Guidance & Support
Actions <i>What does the customer do?</i>	• Opens the EALSE app • Selects role and subject • Types a message describing the struggle	• Clicks “Analyse” and waits • BiLSTM and DistilBERT run inference • Final prediction is computed	• Reads the Gemini AI guidance • Optionally clicks “Regenerate” • Applies the suggested strategy
Touchpoint <i>What part of the service do they interact with?</i>	• Text input panel • Role / Subject selector	• BiLSTM model • DistilBERT model • Final Prediction Engine	• Gemini guidance box • Regenerate button • Analytics dashboard
Customer Thought <i>What is the customer thinking?</i>	• Will this understand how I feel? • I hope typing this helps.	• Is it reading my confusion correctly? • What will it tell me?	• This actually makes sense. • I feel supported, not judged.
Customer Feeling <i>What is the customer feeling?</i>	• Uncertain • Hesitant • Hopeful	• Curious • Slightly anxious • Waiting	• Relieved • Understood • More confident
Process Ownership <i>Who is responsible?</i>	• Student / Educator	• AI System (BiLSTM + DistilBERT)	• Student / Educator + Gemini AI

Phase of Journey	Stage 1 Enter Message	Stage 2 AI Emotion Detection	Stage 3 Guidance & Support
Opportunities <i>How can we improve?</i>	• Voice input support • Simpler role/subject selection	• Faster inference • Better mixed-emotion accuracy	• Personalised long-term learning plan • Richer educator analytics
